- Welcome to the Root Canal Center of Naples -

Where you'll experience exemplary kindness and integrity.

Dr. Christopher Widmer grew up in a small town in New Hampshire. He went on to graduate Magna Cum Laude from the University of Maryland in 2011, before joining the United States Air Force. There he completed an Advanced Education in General Dentistry in Washington DC, later serving both home and abroad. He attended Nova Southeastern University for his two-year Endodontic Specialty Training. He is a Fellow in the Academy of General Dentistry, having achieved over 500 hours of continuing education study, and is one of Naples few practicing Board-Certified Endodonticists. He has lectured at a number of national dental meetings, and his research paper published in the Journal of Endodontics was recognized as 2019's Most Influential Paper in Biology. He looks forward to serving your dental needs.

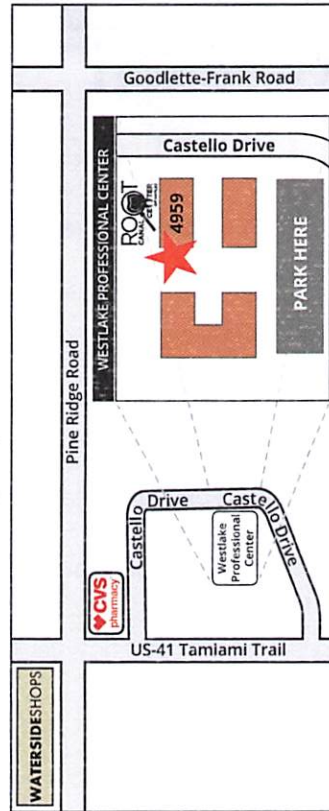

Dr. Iva Sinamati originally hails from the suburbs of Detroit, Michigan. After completing undergraduate studies at Oakland University in Auburn Hills, Michigan, Dr. Iva decided to trade in the harsh northern winters for year-long sunshine. She attended Nova Southeastern University in Fort Lauderdale for dental school and, later, advanced specialty training in Endodontics. Dr. Iva was drawn to Endodontics because of her perfectionist personality, her attention to detail, and her desire to help people in need. Outside of striving to provide exceptional patient care, Dr. Iva enjoys being active in Pilates and High-Intensity Interval Training (HIIT). She also enjoys exploring new restaurants and experiencing other cultures via travel. Dr. Iva is excited to offer her skillset to address your Endodontic needs and looks forward to meeting you!

"Our goal is to provide you with timely, compassionate, and gentle care. Your comfort and satisfaction mean everything to us, so if there is anything we can do to improve your experience in our office, please let us know!"
